

SPACE DREADNOUGHT 3000®

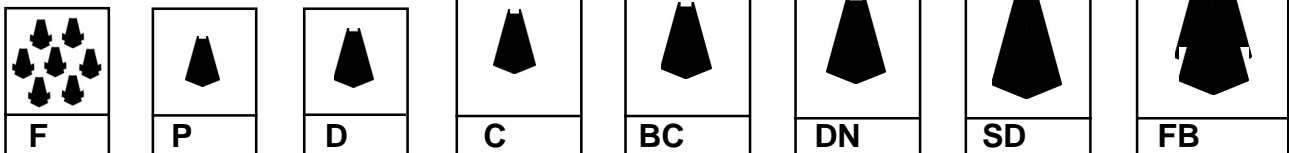

Brought to you by Kallistra Ltd.

These pages have been designed to allow you to obtain the necessary counters required to start playing SD3K™. Print and copy these pages to produce the required number of counters and hexes to start playing this fast play, fleet level spaceship combat system. The only other item required is a copy of the Space Dreadnought 3000® Combat Rule book.

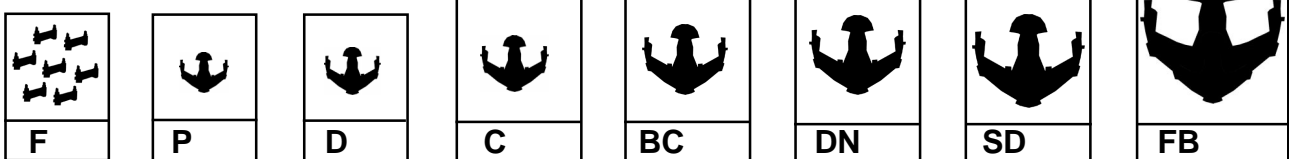

Once printed the sheets can be affixed to card prior to cutting to give greater rigidity to both the counters and the hexes.
